

Work to improve type 2

Here’s the Level2 experience:

Insights

Start with a **no-cost** continuous glucose monitor to see what works for you in real time — all without finger sticks everyday.

Care Team

Made up of providers, coaches, dietitians and other experts as guides through Level2.

Level2 Method

A defined process to understand and work to improve glucose control in a series of phases.

Coming Soon!
Included next year with select UnitedHealthcare[®] health plans at no extra cost.

In the meantime, call to learn more.

Your participation in Level2 Specialty Care is not a guaranty that you will improve your type 2 diabetes, and Level2 does not guaranty any individual any specific results. Please discuss with your doctor whether Level2 is right for you. You have received this information because you may be eligible to participate in Level2 through your current health plan based on the information we have. Participation in Level2 Specialty Care and getting a continuous glucose monitor (CGM) are subject to certain health plan and clinical eligibility criteria. Level2 is available to eligible members of select UnitedHealthcare plans at no additional charge outside of payment of their plan premium. Qualified members are prescribed a CGM when they join Level2 Specialty Care. See program details at mylevel2.com.

Health coverage provided by or through UnitedHealthcare Insurance Company or its affiliates. The company does not discriminate on the basis of race, color, national origin, sex, age or disability in health program activities. To contact your health plan administrator, please call the number on the back of your health plan member ID card.
